

In addition, Bell offers \$100 credit to CN for every Telus unit switched over. Majority of Telus phones was purchased in Dec. 02 and are in need of upgrading. The new unit has been tested in GLN and feedback is good.

A quick study on Feb 06 Telus usage shows that we can save phone cost by 50% if we are to switch over to Bell (attached)

For current Bell users (Cell phones), the new unit will be of great advantage if majority of calls made/received by users are between Bell users.

Let me know your decision and if you require additional study, let me know.

Th

Al,

The attached is the listing of the number of attendees per night and the number of tickets required for the Christmas Event. I have arranged for a Suite to entertain in and in the weeks prior to the event we will work out travel details.

Let me know if anything in the attached list is incorrect. Daryl J. Barnett/Division Engineer Office: 416-253-4323 Cell: 416-559-8651 Pager: 416-680-1061 Fax: 416-253-2114

Subject: Christmas Get Together

CN Construction Team,

To celebrate a very successful year and great start to an outstanding project, I have reserved rooms at the Deerhurst Resort for the evenings of December 8th and 9th for the entire Management Team (and their spouses). The intent is gather the team and their spouses (or better halves) to celebrate both a great year as well as the Christmas season. This is also a great time to get to know each other better and meet the wives which put up with so much. The Deerhurst is an outstanding resort, and I have reserved a week (Friday night) to coincide with their Christmas Extravaganza. I will pick up all the costs associated with the gathering.

Wives can come up on the Thursday night if they are available, or Friday if work or family restricts their arrival time. We can also arrange car pooling if that also makes sense. The intent is to kick back, have a little fun, and to celebrate our successes of the year. I have arranged a meeting on Friday morning and will send out a agenda in the weeks prior. I will also look into other activities we can arrange as a group.

What I require from you:

1. Whether you can make it for both nights
2. Which nights your spouse will be there
3. Whether you and your spouse are interested in the Christmas extravaganza (which includes a great buffet)

Please confirm by Wednesday October 26th.

If you want to check out the resort, please use the following link.

Alan,

Can you please check how our original estimated stacked up against the attached. If you draw out the CN surcharges and apply the GO Trip ones, how do we do? Daryl J. Barnett/Division Engineer Note: New Cell Phone number Office: 416-253-4323 Cell: 416-559-8651 Pager: 416-680-1061 Fax: 416-253-2114

Subject: New WILD Sites

Al,

See attached site plan for a standard WILD installation on single track.
There has been approval of a special capital project to install three (3) new WILD sites on the network as follows:

- 1) Collin, MP 20.5 Rivers Subdivision, Project number to follow.
- 2) Hudson, MP 10.9 Reddit Subdivision, and Project number C3247.034
