Subject: 2005 Turnouts - GO L/Shr West

Lyndon,

Further to my deliberations with Daryl Barnett, we have made the decision to place an initial request for 12 additional turnouts for the Lakeshore West GO Initiative scheduled for later in 2005.

We will require you to advise Safetran that the following orders are to be placed with Nortrak immediately, for planned delivery in July 2005 to the Rail Yard.

These are:

6 each #20 RH turnouts, complete S/N 01-61-278, and

6 each #20 LH turnouts, complete S/N 01-63-278

Thanks,
